FIREMEN'S MUSTER

A firemen's muster will be held after the parade at the Central School. Three contests will be held: dry hose coupling contest, the wet hose contest, and the midnight alarm. Each is a timed contest.

The dry hose coupling means that lengths of hose must be connected to the hydrant so that a "hand-tight" connection is made.

In the wet hose coupling event, a connection must be made to the hydrant quickly. Water must be able to pass through this connected hose with such a force to knock down a predetermined target.

In the midnight alarm, firemen begin the contest on cots, and on the "go" signal, must don coats, boots and helmets and proceed through the wet hose coupling contest.

The participating fire fighters are:

Bellingham Fire Department	Chief Vincent Thayer
Franklin Fire Department	Chief Paul Beaudette
Medway Fire Department	Chief Joseph Julian
Walpole Fire Department	Chief Robert Gardiner
Wrentham Fire Department	Chief Wendell McNamara

The muster is organized by the Norfolk Fire Department under the direction of the chief, George A. Carr.
